#### **SECTION 2: Hazards identification**

### 2.1. Classification of the substance or mixture

### Classification according to Regulation (EC) No. 1272/2008 [CLP]

Serious eye damage/eye H319 irritation, Category 2 Skin corrosion/irritation, H315 Category 2 Hazardous to the aquatic environment — Chronic Hazard, Category 3

Full text of hazard classes and H-statements : see section 16

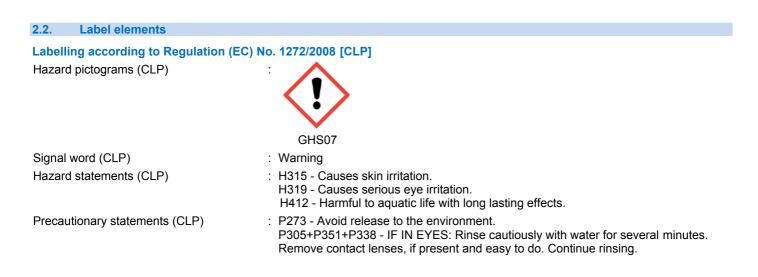

Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

#### Classification according to Directive 67/548/EEC [DSD] or 1999/45/EC [DPD]

Xi; R36/38 R52/53 Full text of R-phrases: see section 16

### Adverse physicochemical, human health and environmental effects No additional information available

#### 2.3. Other hazards

No additional information available

| SECTION 3: Composition/information on ingredients |  |
|---|--|
| 3.1. Substances                                   |  |
| Name  | : 2-AMINO-2-METHYL-PROPANOL Extra Pure |
| CAS-No.   | : 124-68-5                             |
| EC-No.  | : 204-709-8                            |
| EC Index-No.                                      | : 603-070-00-6                         |

3.2. Mixtures

Not applicable

Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

| 4.1. Description of first aid measures         First-aid measures after inhalation       : Assure fresh air breathing, if breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing.         First-aid measures after skin contact       : Wash with plenty of water/ Wash contaminated clothing before reuse. Get medical advice/attention.         First-aid measures after skin contact       : Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue minsing. Get medical advice/attention.         First-aid measures after ingestion       : Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue minsing. Get medical advice/attention.         4.2. Most important symptoms and effects, both acute and delayd         Symptoms/effects after skin contact       : Causes skin irritation.         Symptoms/effects after skin contact       : Causes skin irritation.         4.3. Indication of any immediate medical attention and special treatment needed       No additional information available         Section 5.4 Firefighting measures       :       Carbon dioxide. Dry powder. Foam. Water spray.         5.1. Extinguishing media       : Carbon dioxide. Dry powder. Foam. Water spray.       No additional information available         So additional information available       : Oo not enter fire area without proper protective equipment, including respiratory protective available         5.3. Advice for firefighters       : Do not enter | SECTION 4: First aid measures  |   |
|---|--|---|
| First-aid measures after inhalation       : Assure fresh air breathing. If breathing.         First-aid measures after skin contact       : Wash with plenty of water'  | 4.1. Description of first aid measure  | S   |
| First-aid measures after skin contact       : Wash with plenty of water/ Wash contaminated clothing before reuse. Get medical advice/attention.         First-aid measures after eye contact       : Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical advice/attention.         First-aid measures after ingestion       : Rinse mouth. Do not induce vomiling. Get medical advice/attention.         4.2.       Most important symptoms and effects, both acute and delayed         Symptoms/effects after skin contact       : Causes skin irritation.         Symptoms/effects after skin contact       : Causes skin irritation.         Symptoms/effects after skin contact       : Causes skin irritation.         Symptoms/effects after skin contact       : Causes serious eye irritation.         4.3.       Indication of any immediate medical attention and special treatment needed         No additional information available       Section 8.5 Firefighting measures         5.1.       Extinguishing media       : Carbon dioxide. Dry powder. Foam. Water spray.         Unsuitable extinguishing media       : Do not use extinguishing media containing water.         5.2.       Special hazards arising from the substance or mixture         No additional information available       Section 4.5 Accidental release measures         6.1.       For non-emergency personnel         6.1.1. For non-emergency personnel  |  | : Assure fresh air breathing. If breathing is difficult, remove victim to fresh air and keep  |
| First-aid measures after eye contact       : Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical advice/attention.         First-aid measures after ingestion       : Rinse mouth. Do not induce vomiting. Get medical advice/attention.         42.       Most important symptoms and effects, both acute and delayed         Symptoms/effects after skin contact       : Causes skin irritation.         Symptoms/effects after eye contact       : Causes skin irritation.         43.       Indication of any immediate medical attention and special treatment needed         No additional information available       Setting ishing media         Setting ishing media       : Carbon dioxide. Dry powder. Foam. Water spray.         Unsuitable extinguishing media       : Do not use extinguishing media containing water.         5.2.       Special hazards arising from the substance or mixture         No additional information available       Settion during firefighting         5.3.       Advice for firefighters         Protection during firefighting       : Do not enter fire area without proper protective equipment, including respiratory protection.         Settion 4.1.       For non-emergency personnel         6.1.       Personal precautions, protective equipment and emergency procedures         6.1.1.       For non-emergency responders         Protectior equipment       :  | First-aid measures after skin contact  | : Wash with plenty of water/ Wash contaminated clothing before reuse. Get   |
| First-aid measures after ingestion       : Rinse mouth. Do not induce voniting. Get medical advice/attention.         42.       Most important symptoms and effects, both acute and delayed         Symptoms/effects after skin contact       : Causes skin irritation.         Symptoms/effects after eye contact       : Causes serious eye irritation.         43.       Indication of any immediate medical attention and special treatment needed         No additional information available       SectroN 5: Firefighting measures         51.       Extinguishing media       : Carbon dioxide. Dry powder. Foam. Water spray.         Unsuitable extinguishing media       : Do not use extinguishing media containing water.         52.       Special hazards arising from the substance or mixture         No additional information available       Do not use extinguishing media containing water.         53.       Advice for firefighters         Protection during firefighting       : Do not enter fire area without proper protective equipment, including respiratory protection.         SECTION 6: Accidental release measures       Energency procedures       E vacuate unnecessary personnel.         6.1.       For non-emergency personnel       E vacuate unnecessary personnel.       E.1.         For omergency responders       : Ventilate area.       E ventilate area.       E.2.         6.2.       Environmental procautions   | First-aid measures after eye contact   | : Rinse cautiously with water for several minutes. Remove contact lenses, if present  |
| Symptoms/effects after skin contact       : Causes skin irritation.         Symptoms/effects after eye contact       : Causes serious eye irritation.         4.3. Indication of any immediate medical attention and special treatment needed       No         No additional information available       Section 5: Firofighting media         Section 5: Firofighting media       : Carbon dioxide. Dry powder. Foam. Water spray.         Unsuitable extinguishing media       : Do not use extinguishing media containing water.         5.2. Special hazards arising from the substance or mixture       No         No additional information available       Do not use extinguishing media containing water.         5.3. Advice for firefighters       Protection during firefighting       : Do not enter fire area without proper protective equipment, including respiratory protection.         SECTION 6: Accidential release measures       Section 4: Section during firefighting       : Evacuate unnecessary personnel.         6.1. Personal precautions, protective equipment and emergency procedures       : Evacuate unnecessary personnel.         6.1.2. For emergency personnel       : Use personal protective equipment as required.         Emergency procedures       : Ventilate area.         6.2. Environmental procautions       : Ventilate area.         6.3. Methods and material for contairment and cleaning up       : On land, sweep or shovel into suitable containers. Collect spillage.   | First-aid measures after ingestion   |   |
| Symptoms/effects after skin contact       : Causes skin irritation.         Symptoms/effects after eye contact       : Causes serious eye irritation.         4.3. Indication of any immediate medical attention and special treatment needed       No         No additional information available       Section 5: Firofighting media         Section 5: Firofighting media       : Carbon dioxide. Dry powder. Foam. Water spray.         Unsuitable extinguishing media       : Do not use extinguishing media containing water.         5.2. Special hazards arising from the substance or mixture       No         No additional information available       Do not use extinguishing media containing water.         5.3. Advice for firefighters       Protection during firefighting       : Do not enter fire area without proper protective equipment, including respiratory protection.         SECTION 6: Accidential release measures       Section 4: Section during firefighting       : Evacuate unnecessary personnel.         6.1. Personal precautions, protective equipment and emergency procedures       : Evacuate unnecessary personnel.         6.1.2. For emergency personnel       : Use personal protective equipment as required.         Emergency procedures       : Ventilate area.         6.2. Environmental procautions       : Ventilate area.         6.3. Methods and material for contairment and cleaning up       : On land, sweep or shovel into suitable containers. Collect spillage.   | 4.2. Most important symptoms and   | effects, both acute and delayed   |
| Symptoms/effects after eye contact       : Causes serious eye irritation.         4.3.       Indication of any immediate medical attention and special treatment needed         No additional information available         SECTION 5: Firefighting measures         5.1.       Extinguishing media         Suitable extinguishing media       : Carbon dioxide. Dry powder. Foam. Water spray.         Unsuitable extinguishing media       : Do not use extinguishing media containing water.         5.2.       Special hazards arising from the substance or mixture         No additional information available       Solo not enter fire area without proper protective equipment, including respiratory protection         S.3.       Advice for firefighters         Protection during firefighting       : Do not enter fire area without proper protective equipment, including respiratory protection.         SECTION 5: Accidental release measures       Solon enter fire area without proper protective equipment, including respiratory protection.         SECTION 5: Accidental release measures       Evacuate unnecessary personnel.         6.1.1.       For non-mergency prosonnel         Emergency procedures       : Evacuate unnecessary personnel.         6.1.2.       For emergency responders         Protective equipment       : Use personal protective equipment as required.         Emergency procedures       : Ventilate area.  |  |   |
| No additional information available         SECTION 5: Firefighting media         Suitable extinguishing media         Suitable extinguishing media         Suitable extinguishing media         Carbon dioxide. Dry powder. Foam. Water spray.         Unsuitable extinguishing media         Special hazards arising from the substance or mixture         No additional information available         5.3. Advice for firefighters         Protection during firefighting         Protection during firefighting         SECTION 6: Accidental release measures         6.1. Personal precautions, protective equipment and emergency procedures         6.1.1. For non-emergency personnel         Emergency procedures       : Evacuate unnecessary personnel.         6.1.2. For emergency responders         Protective equipment       : Use personal protective equipment as required.         Emergency procedures       : Ventilate area.         6.2. Environmental precautions         Harmful to aquatic life with long lasting effects.         6.3. Methods and material for containment and cleaning up         Methods for cleaning up       : On land, sweep or shovel into suitable containers. Collect spillage.         6.4. Reference to other sections       : On land, sweep or shovel into suitable containers. Collect spillage.   | , ,  |   |
| No additional information available         SECTION 5: Firefighting media         Suitable extinguishing media         Suitable extinguishing media         Suitable extinguishing media         Carbon dioxide. Dry powder. Foam. Water spray.         Unsuitable extinguishing media         Special hazards arising from the substance or mixture         No additional information available         5.3. Advice for firefighters         Protection during firefighting         Protection during firefighting         SECTION 6: Accidental release measures         6.1. Personal precautions, protective equipment and emergency procedures         6.1.1. For non-emergency personnel         Emergency procedures       : Evacuate unnecessary personnel.         6.1.2. For emergency responders         Protective equipment       : Use personal protective equipment as required.         Emergency procedures       : Ventilate area.         6.2. Environmental precautions         Harmful to aquatic life with long lasting effects.         6.3. Methods and material for containment and cleaning up         Methods for cleaning up       : On land, sweep or shovel into suitable containers. Collect spillage.         6.4. Reference to other sections       : On land, sweep or shovel into suitable containers. Collect spillage.   | 4.3. Indication of any immediate me  | dical attention and special treatment needed  |
| 5.1.       Extinguishing media       : Carbon dioxide. Dry powder. Foam. Water spray.         Unsuitable extinguishing media       : Do not use extinguishing media containing water.         5.2.       Special hazards arising from the substance or mixture         No additional information available          5.3.       Advice for firefighters         Protection during firefighting       : Do not enter fire area without proper protective equipment, including respiratory protection.         SECTION 6: Accidental release measures          6.1.       Personal precautions, protective equipment and emergency procedures         6.1.1.       For non-emergency personnel         Emergency procedures       : Evacuate unnecessary personnel.         6.1.2.       For emergency responders         Protective equipment       : Use personal protective equipment as required.         Emergency procedures       : Ventilate area.         6.2.       Environmental precautions         Harmful to aquatic life with long lasting effects.          6.3.       Methods and material for containment and cleaning up         Methods for cleaning up       : On land, sweep or shovel into suitable containers. Collect spillage.         6.4.       Reference to other sections  |  |   |
| 5.1.       Extinguishing media       : Carbon dioxide. Dry powder. Foam. Water spray.         Unsuitable extinguishing media       : Do not use extinguishing media containing water.         5.2.       Special hazards arising from the substance or mixture         No additional information available          5.3.       Advice for firefighters         Protection during firefighting       : Do not enter fire area without proper protective equipment, including respiratory protection.         SECTION 6: Accidental release measures          6.1.       Personal precautions, protective equipment and emergency procedures         6.1.1.       For non-emergency personnel         Emergency procedures       : Evacuate unnecessary personnel.         6.1.2.       For emergency responders         Protective equipment       : Use personal protective equipment as required.         Emergency procedures       : Ventilate area.         6.2.       Environmental precautions         Harmful to aquatic life with long lasting effects.          6.3.       Methods and material for containment and cleaning up         Methods for cleaning up       : On land, sweep or shovel into suitable containers. Collect spillage.         6.4.       Reference to other sections  | SECTION 5: Firefighting measures   |   |
| Suitable extinguishing media       : Carbon dioxide. Dry powder. Foam. Water spray. SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

### 15.1.1. EU-Regulations

No REACH Annex XVII restrictions

2-AMINO-2-METHYL-PROPANOL Extra Pure is not on the REACH Candidate List 2-AMINO-2-METHYL-PROPANOL Extra Pure is not on the REACH Annex XIV List

#### 15.1.2. National regulations

#### Germany

12th Ordinance Implementing the Federal : Is not subject of the 12. BlmSchV (Hazardous Incident Ordinance) Immission Control Act - 12.BlmSchV

### Netherlands
